

IHS Services Inc
2603 Highland Ave
Montgomery, AL 36107

Due to IHS Services being an essential business during this time:
Necessary Repairs at Hospital, Jails and restaurants

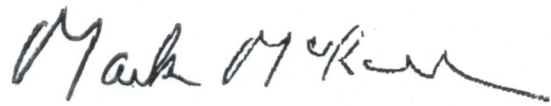

During this time of unprecedented uncertainty, all of us here at IHS are concerned about the safety and well-being of our families, colleagues, customers, partners, and the many friends who make up The United States. also Montgomery, AL and surrounding Counties, The entire state of Alabama, Georgia and Florida.
(The Main areas we service.)

Our hearts are with those who have been affected personally by the outbreak of COVID-19 as well as the many communities around the world that are facing extreme measures in the attempt to slow its spread .
IHS Services has developed and documented Business Continuity Plans to respond to disruptive incidents, such as COVID-19, while safeguarding the health of our employees and Clients minimizing the impact on the delivery of services to you.
For our Employees who must be on-site We are diligently engaging in the and applying social distancing and hygiene protocols based on guidance from health authorities.

We understand that Where on-site work is required (for example, working at the Hospital, Area Jails and restaurants locations), staff who are on-site to accomplish specific tasks are spending only the minimum time required in locations. Additionally, technicians are on AS NEEDED schedules to reduce the number of people in a single location and to separate individuals in common teams as much as possible.

Disinfection Protocols: have been as required to respond to any infections that may be identified. Our Staff have been briefed to ensure they apply the same standards and rigor to make sure all work sites are as sterile as possible.
IHS Offices access is restricted to operational personnel only and following strict hygiene protocols.

Our Suppliers: IHS operations are supported by a number of strategic suppliers and we are in contact with all of them continually to ensure they apply comparable mitigation practices with their teams, while still maintaining service levels. For those who supply Parts and Materials, we are focusing on scheduling Pick up times to reduce the impact of any potential event. Finally, we are maintaining updates and feedback from suppliers to ensure we can quickly locate and confirm documented information outlining the COVID-19 protocols and practices they are supporting.
